Testimonials

"Everase stands by their product. Comes out, services and provides quick turnaround on budgets allowing us to purchase products."

Robert DiMedio - Asst. Principal
Holy Cross Academy, Delran, NJ

"My teachers love the boards! The installation was professional and the product is outstanding. You would never know that they were installed over an existing chalkboard. I would highly recommend to anyone in need!"

Carol Moore - Principal
Lee Davis High School, Mechanicsville, VA

"Great product! Our teachers love using Everase Dry Erase Whiteboards!! They are so easy to clean and the children enjoy writing on them!!!"

William Hurst - Principal
Hoosier Road Elementary School, Fort Wayne, IN

"They covered chalkboards and old whiteboards beautifully for us. I will use Everase when any other boards need to be resurfaced."

Sister Patricia McClain - Principal
Lial Catholic School, Whitehouse, OH

"Best whiteboard product we have installed over our old chalkboards. Installation and end product is outstanding!"

Randal Judd - Principal
Connersville Senior High School, Connersville, IN

"It is a quality product that can turn a chalkboard into a very useful whiteboard."

Jon Reid - Principal
Henndron Lone Oak ES, West Paducah, KY

"The product is very good. The teachers who have used the whiteboards are ecstatic."

Scott Fedder - Director of Finance
Grace Episcopal School, Alexandria, VA

"The Everase whiteboard is an outstanding product. Everyone at Everase is very professional. They made the entire process painless."

Ronald Remy - Principal
Blackham School, Bridgeport, CT

"My entire experience of working with Everase has been exceptional, from my initial conversation with the sales representative, to the day of the installation. Also, the quality of our new whiteboards are excellent. We have not had any issues at all thus far."

Rhonda Pekow - Principal
A. Philip Randolph Campus High School, New York, NY

"The Everase employees were so helpful and knowledgeable! We truly appreciate their generosity. We would love to do all of our rooms with their remarkable product!"

Patti Zanghi - Director of Religious Education
St. John Neumann Church, Lancaster, PA

"I like the whiteboard because it's quieter, easier to read, cleaner, it writes a lot smoother and neater.. NO CHALK DUST."

"I like the whiteboard better than the blackboard because it is easier to see from the back of the room. I also think it's a lot cleaner and easier to write on."

"I think the whiteboard looks a lot cleaner than the chalkboard, It will be a lot easier to clean and it will bring life to the classroom and definitely make math more fun!"

7th & 8th Grade Students of Claire Whittaker - Vice Principal
St. Mary School, Williamstown, NJ

About Everase

Everase - Your Source For Everything Dry Erase

Everase is the leader in high quality Dry Erase Solutions, including chalkboard/whiteboard conversions, framed whiteboards, corkboards, erasable wallcovering, custom printed dry erase, dry erase overlaminates and more. Every dry erase solution from Everase has a one-of-a-kind, superior finish - for our secret is the surface! Our surfaces deliver unsurpassed erasability, unparalleled brightness, advanced stain & scratch resistance, and superb performance.

Everase Corporation is the Sales & Marketing affiliate of Finish Tech Corp., a leading supplier of unique overlay films and laminates for the finishing of wood, plastics and metal, founded by M.J. Dani in 1990. With over 40 years of Industrial R&D manufacturing experience, Mr. Dani holds a Masters Degree in Chemical Engineering and has two U.S. patents to his credit.

In keeping with our founder's philosophy, we continuously strive to develop innovative solutions that deliver measurable results for our customer's needs. Our vast experience covers a multitude of markets, giving us the ability to enhance any environment. Beyond the classroom, our solutions are tailored to all corporations and businesses, including healthcare, hospitality, government, sports entertainment, and even the home.

Everase is the most cost-effective way to bring Dry Erase Surfaces to your industry - a fast and easy solution to increase productivity, creativity, and overall communication in any setting. As budgets continue to shrink in schools, Everase is the most affordable way to update your dry erase technology without the expense of removing and replacing old, stained, and ghosted solutions of the past.

As we often hear Mr. Dani tell the Everase team, "I expect every customer to be thrilled with the performance of their Everase product." Each job function within Everase exists to make that goal come true.

Our products are manufactured in our own plant located in Warminster, PA (Bucks County just North of Philadelphia) and are fully warranted.

Why Everase?

Why Everase?

Everase isn't the first dry erase solution provider, but we are one of the only providers that address the specific challenges associated with common whiteboard surfaces. These traditional surfaces look great the day they are installed, but the true test of the quality of any dry erase product is how it holds up over time.

When it comes to an incredible dry erase performance that lasts, the secret is our surface coating - a result of our design innovation. It's not like other whiteboard coverings. Everase is a proprietary technology that no one else has and our surface integrity is the result of our structural innovation. Everase is strong, brighter, smoother, and glossier by design. It stands the test of time and looks as beautiful as the day it was installed, always.

Whiteboards that ghost or stain (and almost all of them do), fade, or yellow, quickly become frustrating relics that no longer serve a purpose. Everase whiteboard solutions look and perform like new because they're all built with our exclusive, proprietary, technically advanced dry erase surface construction that is stain, scratch and chemical resistant. Our unique chemistry and processing delivers effortless cleaning with just a cloth or eraser. No "ghosting" or any residual marker ink is left behind. Vivid, colorful presentations - regardless of ink color - all wipe away without a trace year after year. Long lasting durability is assured because of built-in stain, scratch, and chemical resistant properties that are integral to the chemistry and composition of Everase whiteboard.

Check out our technical specifications on page 27 to see how we measure up!

Still not convinced? See what else makes Everase the best in the dry erase biz:

- **Finding a dry erase solution that works for you is simple.** Our range of products make it easy to transform any space into a productive environment.
- **We are proudly Made in the USA.** Everase is proudly manufactured and inventoried in Warminster, PA (just North of Philadelphia).
- **Our dry erase solutions are backed by our warranty.** With over twenty years of manufacturing expertise, we warranty our products for ten years against manufacturing defects. Our dry erase surface will not lose their original erasability properties under normal use and service.
- **We offer cost-effective solutions.** Everase offers a range of high quality products that provide lasting performance, making it easy for us to create a custom solution that meets your needs.
- **Our customer service is unmatched.** We have superior technical support in place so that you can always access help when you need it. Whether you have questions about your warranty or need to order additional whiteboard accessories, our staff are always standing by and ready to help.
- **Our installation process is simple and no hassle.** Everase can install a variety of Dry Erase Solutions quickly and easily so that you can communicate effectively. Our installation instructions are easy to follow. Additionally, we offer installation help over the phone and installation services in select areas. If you are in an area that we don't offer installation in, we're happy to help you find a local contractor that can assist you.

Ordering & Shipping Details

Ordering Information:

Ordering products from Everase is simple! Refer to our website or contact us so an Everase representative can provide you a quote. Installation services must be quoted before placing an order. Order online via our website or by submitting a Purchase Order. Please fax your PO to 215-323-4135 or email to orders@everase.com. Your PO must contain the item number and description of the product(s) you are ordering or be accompanied by a quote. Please include Contact Name, Company Name, Address, Phone Number, and Email Address with your order.

Everase accepts Visa, MasterCard, Discover, American Express and Purchase Orders. Purchase Orders will only be accepted from educational institutions such as K-12 schools, colleges and universities. Credit cards are charged at time of order. We are a Verified Merchant of Authorize.net and also an Accredited Business with BBB. All prices are in U.S. Dollars.

We do not collect State/Local sales tax with one notable exception. Orders that are shipped to Pennsylvania are subject to applicable PA sales tax, unless an authorized PA sales tax exemption is on file with our office prior to shipment. New customers from PA should fax or email a copy of their tax exemption form to 215-323-4135 or orders@everase.com and include your order number on the form. Everase is not responsible for individual state sales tax reporting laws pertaining to any purchases, all other taxes, fees or assessments that may apply to your order are the responsibility of the purchaser to remit to the appropriate taxing authority.

Shipping Rates

Roll goods, small items/boxes, accessories:

Order Total	Flat Rate Shipping Cost
\$35 or less	\$12.99
\$36 - \$175	\$19.99
\$176 - \$2,500	\$44.99
\$2,501 - \$8,000	\$79.99
\$8,001 +	FREE SHIPPING

Pre-framed boards, panels:

Call for Quote

If a loading dock is not available for freight shipments of framed boards and panels, extra freight services will be required and charged as shown below.

Extra Freight Services: Liftgate Service – Add \$100.00 ~~~ Residential Delivery – Add \$50.00 ~~~ Inside Delivery (first point of access only) – Add \$200.00

Shipping costs for pre-framed boards and panels are calculated independently from roll goods, small items/boxes and accessories.

Shipping Information:

Shipping rates are for Continental USA standard shipping only. Expedited shipments and all other areas such as Alaska, Hawaii, U.S. territories and Canada need to be quoted a shipping price.

All roll goods and boards/panels 3' x 4' and smaller and less than 150 lbs. will ship via FedEx/UPS Ground or USPS unless otherwise specified.

Boards/panels larger than 3' x 4' will ship via freight carrier. 3+ quantity of panels or framed boards will ship on a pallet or in a crate.

All magnetic boards/panels 4' x 12' or smaller and all non-magnetic boards/panels 4' x 8' or smaller are manufactured as one piece. All magnetic boards/panels over 4' x 12' and all non-magnetic boards/panels over 4' x 8' are manufactured as multiple pieces of equal size with an H-channel seam in the middle, unless otherwise indicated. Framed boards are packed one per box unless otherwise indicated.

(Ex. Magnetic Boards 4' x 16' or larger are packed in two boxes of equal size.)

Lead Times:

Our normal lead time for roll goods and accessories is 3-5 business days. Our normal lead time for boards and panels is 10-15 business days. This means that your order will leave the factory within this timeframe. You still need to add transit time to your location. The lead time for any custom/artwork projects is 10-15 business days and will NOT begin until all proofs have been approved & returned. Ground shipments have a 2-5 day transit time and Freight shipments have a 3-7 day transit time depending on location.

At certain times of the year, especially June – September our lead times may increase on certain products because of increased demand. We do our best to build sufficient inventory levels before the busy season begins.

Please note that if you have a combination of items with various lead times your order will be held until it can ship complete unless you are willing to pay the shipping costs for each separate order. Everase will not pay shipping on a split order regardless of the dollar volume if you request a split shipment.

Ordering & Shipping Details (cont.)

Delivery:

Items shipped by ground will be brought into your building or to the front door of your residence. Items shipped by freight will be delivered either to an accessible loading dock or curbside only. By law, the trucking company is only responsible for taking the freight to the back of their truck. It is the customer's responsibility to unload the shipment from the truck and bring the product into the building unless other arrangements are made in advance. If a loading dock is not available for freight shipments, extra freight services such as a liftgate service and limited access delivery will be required.

Regular Freight Service – A standard delivery service to facilities with raised loading docks. The driver is not responsible for unloading the shipment from the truck. A fork lift or pallet jack will be needed to remove the shipment from the truck. **Liftgate Service** – A service for facilities that do not have a raised loading dock. The shipment is delivered on a truck equipped with a platform which can lower the package to the ground. A fork lift or pallet jack may be needed to move the shipment. **Limited Access Delivery** – Location where delivery is restricted or limited. Examples include schools or universities, churches, storage facilities, construction sites, government facilities, hotels/motels or resorts, hospitals, doctor offices and small strip malls. **Inside Delivery** – Your shipment will be brought through the first door of access or out of weather.

The customer is responsible for all accessorial charges, which consist of, but are not limited to, charges such as liftgate service, inside delivery, limited access delivery, residential delivery, redelivery charges, address corrections, call before delivery and any other additional service outside the base delivery price. Everase is not responsible to make any special arrangements such as delivery times with the shipping company. Any special arrangements are the responsibility of the customer. It is the customer's responsibility to notify Everase of any special routing, delivery instructions or extra shipping services at the time of order so your shipment can be delivered without issue. Any additional shipping fees will be charged to the customer whether it is specified at the time of order or later added at the time of delivery.

Inspection / Damages:

Your delivery should arrive in good condition because of our packaging methods; however it is YOUR responsibility to inspect the condition BEFORE signing the delivery receipt. We also suggest that you unpack your merchandise to check for any concealed damage and at this same time verify the correct quantity of items has been received and matches with your delivery documents.

If you are accepting the delivery, but there is some issue (slight damage or shortage); you need to make a notation of that fact on the delivery receipt. In the event the product is damaged, you do have the right to refuse the shipment but please notify us of your rejections within 24 hours of delivery by phone at 800-494-5677. This will cause the merchandise to be returned to Everase so we can file the freight claim and arrange for a replacement order if that is what is needed. In either event a copy of the delivery receipt must be provided to Everase to begin this claim process. If you sign the delivery receipt free and clear, we cannot open a freight claim. You will be responsible for purchasing any replacement product needed.

Return Policy:

Return for stock items only are accepted within 30 days of delivery. Custom made or printed products are NOT subject to return under any circumstance. All returns are subject to a 20% inspection, repackaging and restocking fee. You must contact Everase to obtain an RMA # (Return Merchandise Authorization) prior to returning any goods. Clearly write this RMA # on the outside of your return package. Return will NOT be accepted without this valid RMA # easily visible. All returned items must be repacked and returned in their original packaging for protection. The customer is responsible for any damage that occurs during the return shipment. Returned merchandise that we receive damaged will not be credited. For this reason we recommend the return package be insured by you. Credit is not issued for shipping costs; neither outbound nor returned. Please allow 15 business days from the date we receive your merchandise back to inspect and issue a credit.

Artwork Specifications:

- Submit your own graphic files or let our graphics team do the design for you!
- Please submit your layout ideas using Excel, PowerPoint, Word or even a hand drawn image. Please ensure there is a good description of what you want.
- Graphic files must be submitted in high resolution or vector format.
- For graphics, images, logos, etc.:
 - Vector files - .ai (Adobe Illustrator) or .eps
 - Other files - .jpg or .tif (usually acceptable if high resolution files), .doc (Word Document), .xls (Excel Spreadsheet), or .ppt (PowerPoint)
 - Unacceptable files: Scans, letterhead, photocopies, hand drawn, licensed or copyrighted files, images or designs that you do not legally own or have permission to use.
- Artwork fees:
 - \$75.00 per design - Graphic is ready for print. File is completed, high-resolution and sized correctly.
 - \$125.00 per design - Design is partially completed. File has high-quality graphic elements, but needs additional work to be print ready.
 - \$185.00 per design - Design idea or sketch only. File is an idea, it is not high-quality, sized correctly or print ready.
- Artwork must be approved and order must be pre-paid by credit card to proceed with production.
- Custom printed dry erase products are not returnable.
- Contact customer service with questions regarding customer printed orders.

Please contact Everase customer service at 800-494-5677 or info@everase.com with any questions regarding this ordering and shipping policy.

Although we make every attempt to provide current and accurate information on this site, there may be technical difficulties, inaccuracies or typos at times. This ordering and shipping policy is subject to change without notice.

High Gloss Dry Erase Resurfacing Material

Everase's Dry Erase High Gloss Resurfacing Material features our high-quality writing surface with a high gloss finish. Our simple resurfacing process is the quickest, easiest and most affordable solution to transform an old chalkboard or inferior stained and ghosted whiteboard into a new dry erase board. Our resurfacing material installs over existing chalkboards or dry erase boards with a factory applied self adhesive backing and can be trimmed to fit precisely within any existing frame. Instructions and a video for simple installation are included.

Applications:

- Classrooms
- Conference rooms and think tanks
- Collaborative environments
- Walls and desks
- And more!

Specifications:

- **Heights:** 50" and 61"
- **Lengths:** 9 ft., 17 ft., 56 ft., and 100 ft.
- Custom Lengths available upon request
- **Thickness:** 11 mil
- **Surface Finish:** White High Gloss Dry Erase
- **Adhesive:** Aggressively removable pressure sensitive adhesive
- **Release Liner:** Siliconized paper

Low Gloss Wet Erase Resurfacing Material

Resurfacing Material

Everase's Wet Erase Low Gloss Resurfacing Material features our high-quality writing surface with a low gloss finish. This surface is ideal for use with projectors and interactive whiteboards. Our simple resurfacing process is the quickest, easiest and most affordable solution to transform an old chalkboard or inferior stained and ghosted whiteboard into a new dry erase board. Our resurfacing material installs over existing chalkboards or dry erase boards with a factory applied self adhesive backing and can be trimmed to fit precisely within any existing frame. The surface requires cleaning with a damp cloth after each use. Instructions and a video for simple installation are included.

Features & Benefits:

- Easy, Do-It-Yourself Installation at 30 minutes per board
- Doubles as a projection surface
- Excellent Erasability & Durability
- Permanent marker can easily be removed
- Non-yellowing, non-chalking, non-ghosting
- Cleans with just water and a cloth or use whiteboard cleaner for stubborn marks
- Abrasion, Chemical, Heat, Scratch, Stain & Solvent Resistant
- Ships as a roll by FedEx/UPS Ground
- 10-year limited warranty
- Manufactured in the USA

Applications:

- Classrooms
- Projection surface for Interactive Whiteboards
- Conference rooms and think tanks
- Collaborative environments
- And more!

Our Lady of the Miraculous Medal - Montebello, CA

Printed Dry Erase Resurfacing Material

Everase's Printed Resurfacing Material features our ultra crisp, digitally printed graphics embedded under our high-quality dry erase writing surface. Various standard prints are available such as Music Staff, Penmanship Lines, Traceable Grid and Traceable Graph. We even have the capabilities to customize the writing surface with your own ideas and graphics. This printed product will have the same ease of use with excellent erasability and stain resistance as our signature Everase whiteboard surface. It easily installs directly over existing chalkboards or dry erase boards with a factory applied self-adhesive and can be trimmed to fit an existing frame. Instructions and a video make installation a breeze.

Resurfacing Panels

Non-Magnetic Panels

Everase's Dry Erase Non-Magnetic Panels feature our proprietary dry erase surface, which is specifically designed for the resurfacing of heavily damaged chalkboards/dry erase boards when a magnetic surface is not desired. This material is a high tech dry erase composite laminated onto 1/16" hardboard, allowing for installation on smooth or rough surfaces without showing defects of the mounted surface. Installs easily over existing chalkboards or dry erase boards. Panels are available with or without self-adhesive on the back. Panels come in various standard sizes, but can be factory cut to your desired board dimensions.

Specifications:

- Sizes: 4'x8'
- Can be factory cut to your desired board dimensions upon request
- White High Gloss Dry Erase on 1/16" hardboard
- Available with or without self-adhesive

Features & Benefits:

- Recommended for use on slate/chalkboards and painted blackboards only. Not for use on cork or vinyl surfaces.
- Hides minor imperfections on your boards
- Requires less surface preparation for rough surfaces

Applications:

- Classrooms
- Conference rooms and think tanks
- Collaborative environments
- Resurface heavily damaged chalkboards/dry erase boards when a magnetic surface is desired.

Dry Erase Whiteboards

Everase's Magnetic Dry Erase Whiteboards make an excellent choice for your classroom, office, conference room or anywhere you need to communicate information. Our boards are trimmed with our anodized premium aluminum frame and their light weight but strong honeycomb structure allows for less weight in shipping and hanging the boards. All boards feature our Everase high-quality writing surface, with excellent erasability, stain resistance and no ghosting or shadowing. Installation instructions, mounting hardware and a FREE accessories starter kit is included (4-pack dry erase markers, 1 micro-fiber eraser cloth and 1 jumbo clip magnet). An accessory tray for storing markers or erasers is optional.

Specifications:

- Everase Dry Erase High Gloss Magnetic surface
- **Various standard sizes:** 2'x3', 3'x4', 3'x5', 4'x4', 4'x6', 4'x8', 4'x10', 4'x12', 4'x16', 4'x20', 4'x24'.
- All magnetic boards/panels 4' x 12' or smaller are manufactured as one piece. All magnetic boards/panels over 4' x 12' are manufactured as multiple pieces of equal size with an H-channel seam in the middle, unless otherwise indicated.
- Magnetic with 24 gauge steel on 1/2" lightweight honeycomb corrugated structure core.
- Frame is 5/8" trim width, anodized aluminum.
- With or without marker tray, 2-5/8" wide, anodized aluminum.
- Custom sizes available! Ask for a quote.

Installation kit included

Hardware
 1/2" screws
 1-1/4" screws
 Plastic wall anchors
 Wall mount clips

Accessories
 4-Pack markers
 Eraser cloth
 Magnet clip

5-Foot Tall Matte Projection Dry Erase Boards

Everase's 5-Foot Tall Matte Projection Whiteboards have 20% more additional space compared to our standard 4-foot whiteboards. Plus the matte surface supports use as a video projection whiteboard. The low glare surface is ideal for use as a projection whiteboard, in addition to being non-porous and resistant to permanent marker. With a dry erase surface that is still guaranteed not to ghost or stain, it's easy to upgrade your classroom or office to a larger projection whiteboard.

Specifications:

- Magnetic surface
- **Various standard sizes:** 5'x6', 5'x8', 5'x10', 5'x12'.
With or without marker tray
- Custom sizes available! Ask for a quote.
- **Physical Properties:**
 - **Face Sheet:** Everase Matte Dry Erase Low Gloss Surface
 - **Core Material:** Magnetic (24 gauge steel on 1/2" lightweight honeycomb corrugated structure)
 - **Thickness:** Nominal 1/2"
 - **Frame:** 5/8" trim width, anodized aluminum
 - **Marker Tray:** 2 5/8" wide, anodized aluminum

Features & Benefits:

- 20% more space than a standard 4-foot tall whiteboard
- Low glare surface is ideal for use as a projection whiteboard
- Magnetic surface expands presentation uses
- Dry erase surface is super easy to clean and guaranteed not to stain

Applications:

- Classrooms
- Conference rooms and offices
- Collaborative environments

Mobile Whiteboards

Everase's Mobile Double-Sided Magnetic Whiteboards make communication on the move easy! These portable dry erase boards have a sturdy frame and stand construction that's built to last. Rolling easily on lockable casters, this board won't leave anything behind with small wheels and a non-marking rubber tread. With a magnetic dry erase surface that won't stain or ghost on each side, Everase's double-sided mobile boards flip easily and have locking mechanisms that allow the board to be positioned securely at any angle. Every mobile whiteboard has a full width, double-sided marker tray, making communication on the go as easy for you as possible!

Specifications:

- Everase Dry Erase High Gloss Magnetic surface
- **Various standard sizes:** 36"x24", 36"x48", 40"x29", 48"x72", 48"x96".
- Magnetic with 24 gauge steel on 1/2" lightweight honeycomb corrugated structure core.
- Frame is 5/8" trim width, anodized aluminum.
- Trays are anodized aluminum, full length, and double-sided.
- Casters are 3" in diameter and 13/16" wide, with a non-marking rubber tread with ball bearing swivels.
- Easy Do-It-Yourself assembly.

Retro-Fit Dry Erase Whiteboards

Everase's Retro-Fit Dry Erase Whiteboards come with all of the benefits of our standard framed boards. The only difference is that these boards are designed with pre-drilled holes, making them easy to install directly over an existing chalkboard or whiteboard. They are drilled into the existing boards frame and are available in custom sizes, so you always get the perfect fit. Retro-Fit boards are an ideal chalkboard or whiteboard resurfacing solution when the existing surface is heavily damaged.

Specifications:

- Magnetic surface
- **Various standard sizes:** 2'x3', 3'x4', 3'x5', 4'x4', 4'x6', 4'x8', 4'x10', 4'x12', 4'x16', 4'x20', 4'x24'.
All magnetic boards/panels 4'x12' or smaller are manufactured as one piece.
All magnetic boards/panels over 4' x 12' are manufactured as multiple pieces of equal size with an H-channel seam in the middle, unless otherwise indicated.
- With or without marker tray
- Custom sizes available! Ask for a quote.
- **Physical Properties:**
 - **Face Sheet:** Everase Dry Erase High Gloss Surface
 - **Core Material:** Magnetic (24 gauge steel on 1/2" lightweight honeycomb corrugated structure)
 - **Thickness:** Nominal 1/2"
 - **Frame:** 5/8" trim width, anodized aluminum

Features & Benefits:

- Installed directly over existing board and frame
- Frame comes pre-drilled with counter sunk holes for easy installation
- Re-uses the chalk tray and avoids labor of removing existing boards
- Easy, Do-It-Yourself Installation

Applications:

- Classrooms
- Conference rooms and think tanks
- Collaborative environments
- Resurface heavily damaged chalkboards/dry erase boards

Installs right over your existing board!

Printed Dry Erase Boards

If you can image it, we can create it! Like our Dry Erase Whiteboards, you're getting a superior Dry Erase Surface printed with high quality digital image and colors. Your images are embedded under the dry erase surface for maximum protection. We can create custom printed Dry Erase Surfaces that are tailored to meet the needs of your specific industry. Showcase your company logo or colors with ease, promoting your brand while increasing overall productivity. Track your goals - meet your deadlines - monitor statistics and engage with your employees and customers with a Custom Printed Dry Erase Solution.

Features & Benefits:

- Vibrant, digital quality images and colors
- Digital print embedded under dry erase surface
- Cleans without the use of cleaners, just water and a cloth
- Resistant to scratching, staining, and ghosting
- Permanent marker can be erased easily
- Proven durability and superb performance
- Abrasion, Chemical, Heat, Scratch, Stain & Solvent Resistant
- 10-year limited warranty
- Manufactured in the USA

Applications:

- **Business:** Calendars, to-do lists, project management, sales goals, business logos
- **Healthcare:** Patient rooms, nurses stations, human anatomy boards, operating rooms
- **Education:** Musical staff, penmanship lines, grid and graph lines, court & field diagrams and layouts, team logos, school colors
- **Personal:** Calendars, schedules, appointments, notes
- **Hospitality:** Menus, specials/promotions, events, scheduling, fitness workouts, tee times, workout schedules, track reps
- **Manufacturing:** Display building layouts, safety messages, and other way finding materials.
- **And more!**

"The board looks fantastic - the church congregation is so thankful for the work you and your team put into it. Thanks again!"
Chris & Lisa Peters - Legacy Chapel - Highlands Ranch, CO.

Commercial Wallcovering

Everase's Commercial Wallcovering brings our one-of-a-kind dry erase surface to your conference rooms, training areas, or any area where people gather to collaborate. This wallcovering can be installed the same as any commercial-grade vinyl wallcovering. By adhering vertical strips/floor-to-ceiling, you can cover just one wall or an entire room. If preferred, you can "railroad" this material horizontally around the room. Transform any space into a creative hub with Commercial Wallcovering to promote limitless brainstorming and creativity in any setting!

Product Specifications:

- **Width:** 60"
- **Length:** 50 ft.
- Custom widths and lengths available upon request
- **Surface Finish:** White High Gloss Dry Erase or Low Gloss (Matte) Wet Erase
- **Backing:** Nonwoven
- **Thickness:** 18.5 mil

Features & Benefits:

- Compatible with interactive technology or used as projection screens.
- Covers wall-to-wall and floor-to-ceiling or any flexible wall customization
- Passes ASTM E-84 Flammability Test as Class A for flame spread and smoke generation
- Cost-effective when compared to paint and other wallcovering options
- Can easily be cut with scissors for very specific shapes and sizes

Commercial Wallcovering

Name	Item #	Size	Price	Weight (each)	Package Dimensions
White - High Gloss, Nonwoven	AA31ND-50	50 ft. x 60"	\$1,257.00	44 lbs.	9" x 9" x 63"
White - Low Gloss, Nonwoven	AB31ND-50	50 ft. x 60"	\$1,257.00	44 lbs.	9" x 9" x 63"

Custom lengths and widths available upon request

Custom Printed Commercial Wallcovering

Promote limitless brainstorming and imagination by transforming your space into a creative outlet with a Custom Printed Commercial Wallcovering! This wallcovering can be custom printed with high quality digital images and colors embedded under the dry erase surface for maximum protection. The material is installed the same as any commercial-grade vinyl wallcovering. By adhering vertical strips/floor-to-ceiling, you can cover just on wall or an entire room. Panels can also be installed in a "railroad" pattern if you prefer the panels to be horizontal. Transform any wall into a creative hub or decorative space with a Custom Printed Commercial Wallcovering!

Product Specifications:

- **Width:** 60"
- **Length:** Various custom lengths
- Custom widths and lengths available upon request
- **Surface Finish:** White High Gloss Dry Erase or Low Gloss (Matte) Wet Erase
- **Backing:** Nonwoven
- **Thickness:** 18.5 mil

Features & Benefits:

- Covers wall-to-wall and floor-to-ceiling or any flexible wall customization
- Vibrant, digital quality images and colors
- Digital print embedded under dry erase surface
- Passes ASTM E-84 Flammability Test as Class A for flame spread and smoke generation
- Compatible with interactive technology or used as projection screens
- Cost-effective when compared to paint and other wallcovering options

GREAT FOR DESKS!

WALLS!

DOORS!

AND MORE!

Re-Stic Repositionable

Re-Stic offers various calendars, planners and framed board designs. Use monthly calendars to plan out each month and weekly planners to schedule every week. Planners are available in white and black dry erase designs. The black dry erase goes great with white chalk and fluorescent markers to create vibrant eye catching writing. We also carry different wood frame designs for the more traditional framed board look at a much lower price!

Applications:

- Walls
- Desks
- Doors
- Refrigerators
- and More!

Features & Benefits:

- Vibrant, digital quality images and colors
- Digital print embedded under dry erase surface
- Stay organized by keeping track of your monthly and weekly schedules
- No tools required - just peel and stick
- Removable and repositionable. No sticky residue left behind!
- FREE Marker and cloth included!

Use Everase Dry Erase ClearFilms to enhance, protect, or add value to your graphics. From printing to signage, posters, custom dry erase boards and more. This Dry Erase Overlay allows you to laminate, write, and erase on virtually any surface. Like our other Dry Erase Solutions, there is never any ghosting or staining. Everase uses a premium polyester laminate with optically clear PSA to protect an array of graphics and signage. This cutting edge formula has allowed us to engineer our clear Dry Erase product line, and now it's available to you to put on virtually any surface!

Features & Benefits:

- Premium polyester overlaminates can be applied to various substrates using industry standard laminating equipment
- Optically clear pressure sensitive adhesive
- Dry erase technology is resistant to ghosting and staining
- Anti-Graffiti properties enables permanent marker to be erased easily
- Radiation cured hardcoat is chemical and scratch resistant

Product Specifications:

- **Width:** 51" and 61"
- **Lengths:** 50 ft. and 150 ft.
- Custom Lengths available upon request
- **Thickness:** 3 mil (2 mil polyester, 1 mil adhesive)
- **Surface Finish:** Clear High Gloss Dry Erase polyester film
- **Adhesive:** Optically clear permanent acrylic pressure sensitive adhesive
- **Release Liner:** Clear polyester

Applications:

- Signage
- Displays
- Point of purchase
- Printers
- Posters
- Fine art protection
- Custom Printed Dry Erase Boards:
 - Hospital boards
 - Planning schedules
 - Maps
 - Specials/menu boards
 - Calendars

TECHNICAL PERFORMANCE OF EVERASE® SURFACES

Our specifically engineered dry erase composite surface provides excellent printability and erasability in an impervious formulation. Everase offers the best quality features of scratch, chemical, stain, heat, and wear resistance and remains unsurpassed when compared and contrasted with our competition.

FEATURES	PROPERTY	RESULT
WRITEABILITY	Use of any dry erase, fluorescent, semi-permanent, and permanent markers and crayons will not damage the Everase surface.	Better than comparable products
ERASABILITY	Dry erasability using Boone 30 day test method	5 lbs/3 rubs or better with all tested dry erase markers*
	Gloss at 60 degrees using BYK Gardner / Micro-TRI-Gloss Test Method	100%
VISIBILITY	Excellent contrast compared to chalkboards. Allows for multi-color presentations	Excellent
PRINTABILITY	Excellent marker pen printability and erasability	Better than comparable products
	Non-ghosting, non-yellowing product	
	Both permanent and dry erase markers can be used for permanent and temporary information but then cleaned easily	
DURABILITY	Scratch resistance using Hoffman Scratch Test	700
	Hardness - Pencil using ASTM D3363-74	7H
WEARABILITY	Abrasion resistance using Taber Abrasion / 500 g - CS-10 Wheel	500 cycles
	Wear resistance using BYK Gardner Sled	5000 cycles
STAIN RESISTANCE	NEMA LD3-2000 3-4 Stain Resistance Report	Coffee, Tea, Mustard, Black permanent marker, #2 Pencil, Wax Crayon, Lipstick: 0 (No effect)
CHEMICAL RESISTANCE	ASTM D-1308 Method B-24 Report	Glass Cleaner - No stain Rubbing alcohol - No stain MEK (Methyl Ethyl Ketone) - No stain

These lab results are provided as a service only. All products are sold upon condition that the purchaser shall make their own tests and judgments. No warranty of merchantability or fitness for any purpose is implied by these test results, neither does this constitute the seller's product specifications. Everase® is a Registered Trademark. * Test Method and Results are available upon request.

EVERASE® Whiteboards

Recommended Care & Maintenance

The Everase writing surface is built to last and includes a 10 year warranty guaranteeing its erasability properties. Be sure to follow these easy care and maintenance instructions to ensure your writing surface looks fresh and new for years to come! Before your first use be sure to wipe down your writing surface with a damp towel to remove any dirt or soap residue.

Writing

- Use Everase® Low Odor Dry Erase Markers or another reputable brand.
- Permanent markers can be used for graph lines or any writing which you desire to be longer lasting. (These markings can be removed with EverClean® Whiteboard Cleaner or by tracing over with a dry erase marker then erasing as usual.)
- Store markers horizontally so that the felt tips do not dry out.
- Do not use pens or markers with dried out tips as they could potentially damage your writing surface.

Erasing

- Use Everase® Micro-Fiber Eraser Cloths or another reputable brand for normal erasing. For more stubborn marks or low gloss wet erase, use EverClean® Whiteboard Cleaner or another reputable brand, to wipe down your writing surface.
- While erasing your writing surface press firmly using a circular motion.
- Clean your cloths on a regular basis. A dirty cloth will leave ink residue on your writing surface. (Everase® Micro-Fiber Eraser Cloths are machine washable with regular detergent. No bleach.)
- Keep your marker tray clean so no dirt or debris sticks to your cloth when erasing which will scratch your writing surface.
- To keep your board looking brand new, periodically wash the entire board with soapy water, wipe off with a damp towel removing all soapy residue and then dry with a soft cloth.
- Do not use chalkboard or felt erasers on your writing surface, they will not erase properly and will eventually build up residue which will scratch your writing surface.

WARNING: PLEASE READ!

- Everase® Whiteboards are scratch resistant but NOT scratch proof!
- Keep any sharp objects such as pens, pointers, metal magnets, rings/jewelry, knives, scrapers etc. away from your writing surface.
- Do not drag magnets across your writing surface.
- Do not use felt erasers, scouring pads, or any harsh cleaners on your writing surface.
- Do not use any abrasive material or finger nails to remove tape or stickers. (Use an adhesive remover such as Goo Gone®.)

Use these!

Do not use!

Please Note!

Failure to follow these recommended care and maintenance instructions may void your Ten Year Limited Warranty.

EVERASE® CORPORATION

Ten Year Limited Warranty

1. Everase Corporation (“Everase”) warrants to the original purchaser (the “Purchaser”) that the Everase Whiteboard product (the “Product”) sold to Purchaser will be free from manufacturing defects and, under normal use and service, will not chip, crack or lose its original erasability properties for a period of ten (10) years from date of original purchase.

2. The above warranty applies solely to Products that have been properly installed, and maintained in accordance with Installation Instructions as well as the Care and Maintenance Procedures provided by Everase at the time of purchase. Purchaser’s sole remedy in the event of breach of the above warranty shall be repair or replacement, at the option of Everase, of the defective Product. Everase shall not be responsible for any costs other than actual repair or replacement of any defective Product, including removal, shipping or reinstallation costs, or other incidental expenses. Everase reserves the right to make such inspections as may be necessary to determine the cause of defect and eligibility for warranty coverage.

3. To initiate a claim for warranty, the Purchaser should contact Everase directly at: Everase Corporation, 90 Industrial Drive, Ivyland, PA 18794, Attn: Customer Care. Full details of the defect, including any photographs to depict the condition, should be included for prompt resolution of any claim.

4. EVERASE MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCTS, AND EVERASE SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. NO OTHER REPRESENTATION OR WARRANTY, INCLUDING BUT NOT LIMITED TO STATEMENTS OF QUALITY, SUITABILITY FOR USE OR PERFORMANCE, WHETHER MADE BY EMPLOYEES OF EVERASE, DISTRIBUTORS OR ANY SALES AGENT, SHALL BE CONSIDERED A WARRANTY BY EVERASE FOR ANY PURPOSE OR CREATE ANY LIABILITY OF EVERASE.

Testimonials

"Erase was a very cost effective alternative to buying new whiteboards. They also appear easier to clean and leave little to no ghosting of erased work. Great deal overall."

Greg Ellsworth - Principal

Tunkhannock HS, Tunkhannock, PA

"Excellent, teacher was able to install it without the help of maintenance."

Robert Winters - Principal

Houston Lower Elementary, Houston, MS

"The teachers are very happy with the product that we've chosen. They enjoy the cleaner look, the brightness in the room, and the fact that it works well with the interactive boards that we have."

Rich Chiappa - PC Technician

Wilson Area School District, Easton PA

"After several years, our boards have remained in good condition. There's been no ghosting; great visibility and the boards have brightened up our classrooms."

Mike Walls - IT Director

Archbishop Wood High School, Warminster, PA

"The board is beautiful and erases easily and without smears and smudges. No cleaner is needed. I am very pleased with the quality of the board!"

Emily Lyons - Teacher

Quigley Catholic High School, Baden, PA

"Most of the positive feedback has come from the students. Some students had allergies, so they didn't like to inhale the chalk dust or feel the residue on their hands. Now they actually want to come up and participate. I like that Erase is not just a writing surface but doubles as a projector screen."

Turika Pulliam - Physical Science and Chemistry Teacher

Wilson Area School District, Easton PA

"This is a really great product and is easy to work with."

Bill Shippee - Buildings & Grounds Director

Corinth Central School, Corinth, NY

"Fabulous install, quick and simple process, easy solution to fix worn out board issues!"

Kelli Watson - Principal

West Main Elementary School, Lancaster, TX

"I LOVE MY NEW BOARD!!! I seriously could not be happier with the efficiency and ease of installation and use. Thank you so much!"

"Aaaaaamazing!! My life is sooo much easier without chalk and the dry-erase markers work great on the overlay."

"Thank You, Thank You, Thank You!!! I personally LOVE the White Board. No More Chalky Mess!"

Students of Mary E. Hobbs - Tech Resources Teacher

Williamstown High School, Williamstown, NJ
